The Message of Secretary

Jamia Nadwiyya Edavanna (JNE) is a pioneer educational institution with an exciting history dating back to the early 1960s. JNE has an outstanding position in the reformist movements launched for the socio-cultural emancipation of the Muslim community in Kerala. It has been the flag bearer of progressive secondary and collegiate education in Kerala, India. The significance of its educational endeavor can be discerned vividly, in the backdrop of the overall backwardness of Indian Muslims elsewhere in India, who are still groping in darkness unable to absorb the valued Islamic culture and join the secular national mainstream. With the commitment to quality education in its DNA, JNE becomes the final link in the educational tradition of Kerala Muslims.

We believe that the future of our country, its people and humanity at large will depend on well-educated people and strong leaders. Our programs are designed to educate these leaders. JNE values the importance of liberal arts and science education and prepares its graduates for leadership roles of the 21st century. JNE students and alumni

will be ready to take on the challenges of today's rapidly changing world.

JNE believes in the value of internationalization and the power of globalization. English is the medium of instruction except in JNE Arabic colleges and our students can express themselves both in Arabic and English effectively. They are encouraged to take advantage of our vibrant exchange programs with the world's reputable universities. We have no doubt that the graduates of JNE will become professionally successful leaders as businessmen/women, public officers, educators, entrepreneurs, politicians, civil society volunteers, and change agents.

We invite students, academics, and educators who believe that they can excel and be productive in such an environment to find out more about our university and to join our community.

With best wishes for our future endeavors,

Prof. M.T. Abdussamad
Secretary, Board of Trustees.

With love and affection,

Adil Atheef Swalahi

Director, Board of Trustees

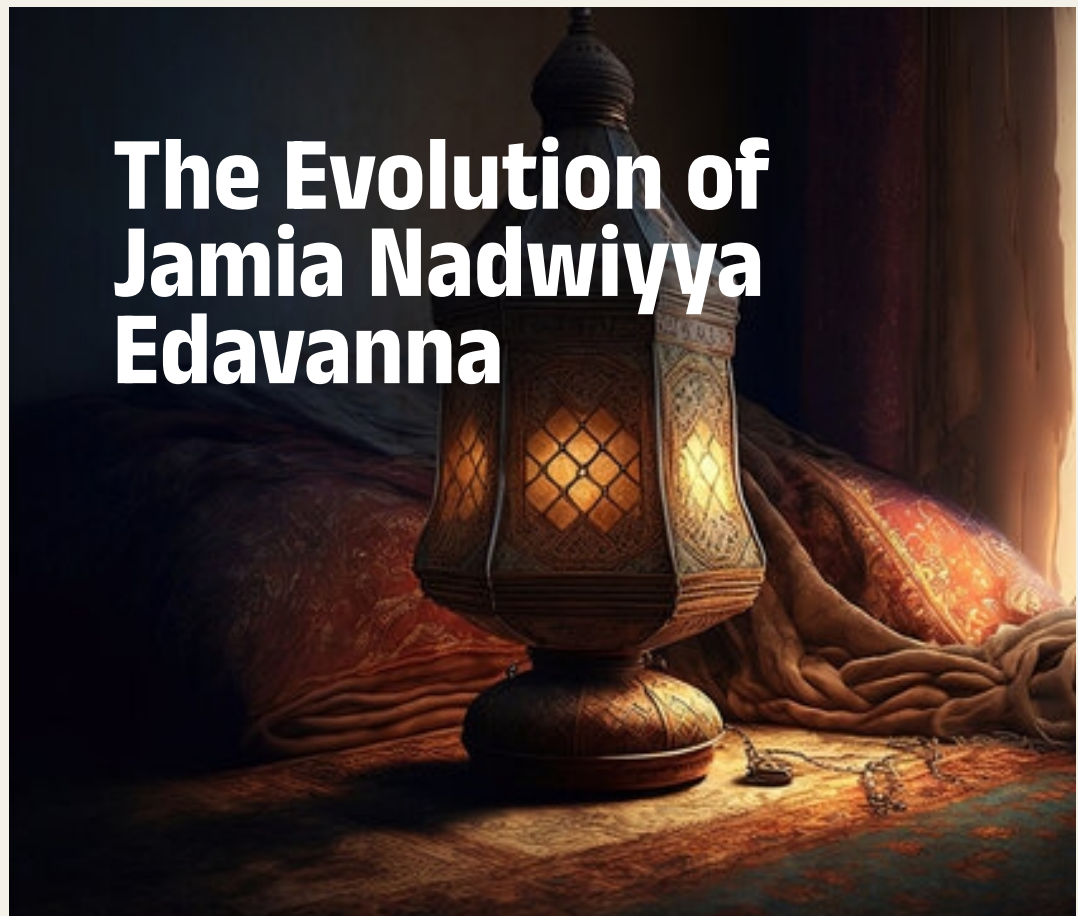

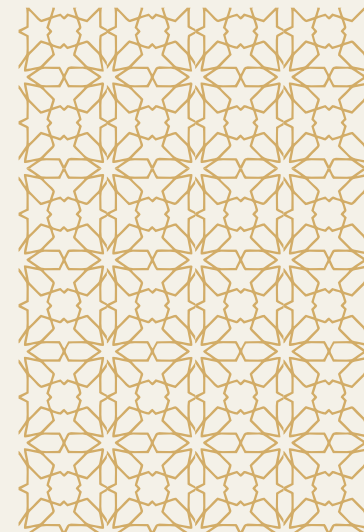

By the beginning of the 20th century of the Christian era, the Muslim masses in the Malabar area in Kerala had lost the sense of borderlines demarcating the spheres of truth and falsehood. They had absorbed numerous innovations, accretions, exotic beliefs and practices which sapped their vitality to cope with the changing times. Most of them sunk into the lowest depths of ignorance, innovations decrepitude and destitutions. Nowhere in the Malabar area were any signs of health and vigour, but everywhere were stagnation and decay. Manners and morals had disappeared completely in a barbarous luxury of the few and an equally barbarous degradation of the multitude. Learning was

virtually dead and a few educational institutions which survived had been languishing in poverty and neglect. Like everything else, the religious faith was also decadent. The pure monotheism had become overlaid with a rank growth of supervision and mysticism. The mosques were deserted by the ignorant people who decked out in amulets, charms and

rosaries and were devotedly inclined to listen to squalid fakirs and dervishes. Life had apparently gone out of the Islamic way of life, leaving naught but a dry husk of soulless rituals and degrading superstitions behind. In short, the religion was looked down as something of a private concern having nothing to do with the affairs of the world.

The Evolution of Jamia Nadwiyya Edavanna

The isolation of religion from practical life and its problems made the doctors of religion indifferent to the affairs of the contemporary world. And if they ever tried to interfere in these matters, they were exposed to ridicule because of their unfamiliarity with the modern thoughts and sciences. Unrelenting attacks were launched on Islam from all directions- philosophical, historical, literary, scientific,

political and cultural, etc. While the Malabar Muslim community was passing through these critical stages, it tore itself into various groups and sects accusing each other of infidelity. The dangerous consequences of these critical situations were realized by some sincere and far-sighted scholars who were firm and staunch in their belief in the pure doctrines of Islam and held a high and venerable place in the society

on account of their piety and learning. They were very wise and possessed a vision that was broad and enlightened. They belonged to Moulana Abdul Kalam Azad's school of thought and had deeply impressed by the thoughts of Sheikh Mohammed Abdu of Egypt and Moulana Shibili Noumany of India. The guide and leader of this earnest group of scholars was Thayyil Mohammed Moulavi who was an outstanding theologian and spiritual mentor of this time.

KNM

The formation of Kerala Nadwathul Mujahideen

Some venerable scholars, who dedicated their life to true faith and knowledge, after holding discussions and correspondence with the other Muslim divines of their time decided to establish an ideological, cultural and educational reformatory association. The main objective of this association was to bring about harmony and cooperation among the different groups within the Muslim society by purifying their faith from all kinds of superstitions and innovator conjectures and thereby make the ideological,

moral and educational reforms and progress of the Muslims. The association was named Kerala Nadwathul Mujahideen and was registered under the society act XXI of 1860 with registration No.2/57. Its first session was held at Calicut city in 1950 under the presidency of Thayyil Mohammed Moulavi. In this session, the appeal was made for resolving the differences among the Muslim society for creating an atmosphere of unity and cooperation and for bringing about suitable charges and improvements in the outdated syllabi of the Arabic Madrasas.

The establishment of Jamia Nadwiyya

Deeply moved by the educational, cultural and economical backwardness of the Muslim community after the Malabar revolt of 1921, the founders of Kerala Nadwathul Mujahideen felt that unless some practical steps were taken to translate their ideas and objectives into action, it will not be possible to arrest the rapid decline of their community and set back on its feet. It was necessary to forge new weapons of culture,

education and progress. Their prolonged ties with the modern universities, colleges and schools inspired them with a new vision of a harmonious pattern of culture combining the best elements in the Islamic culture with the arts and sciences of the west. The first step, accordingly, was taken in 1964 with the establishment of Jamia Nadwiyya which earned soon in Kerala and other states as a modern seat of Muslim theological learning and Arabic

studies; Jamia Nadwiyya was established at Edavanna in Malappuram district which is an important centre of Muslims for many years.

Jamia Nadwiyya was established on 24/08/64 on the basis of a resolution adopted by the state council of Kerala

Nadwathul Mujahideen on 15/01/1964. It concerns itself with the Arabic syllabus which pays special attention to the Quranic Sciences, Traditions of the prophet Muhammad (peace be upon him) and Arabic language and literature. On the other hand, it gives education in modern sciences.

The institute is keen to remain a guiding light for mankind and a stronghold for the Muslim community by safeguarding their spiritual language and reforming their cultural heritage.
- The institute aims to provide the Kerala Muslims with scholars and experts well equipped with Islamic culture and morals, and well prepared to build up their societies on faith and scientific basis.
- The institute intends to prepare a group of leading and high qualified academicians and scientists for the coming generations. To accomplish this goal the institute supports higher studies creating new areas of different specializations
- The institute is keen to have academic relations with other institutions and research foundations. For this purpose, it exchanges academic visits with other institutions and invites the best scholars to deliver lectures. Jamia Nadwiyya sends some of its eminent scholars outside to catch up with the most recent, up to date developments in the field of academic and various research activities.

The campus is named 'Madina Al-Salah' which means the city of goodness. It is located in the south-east tip of Edavanna village, 2 kilometers from Edavanna town in Malappuram district, Malabar, Kerala. The campus has a sprawling, picturesque and serene setting spread over 32 acres with lovely greenery and small hillocks presenting a typical rock garden studded with green flora and lively fauna. This idyllic campus with hillocks full of coconut trees, breaths out an inspiring, absorbing fragrance of academic spirit. Jamia Nadwiyya has constructed 9 academic buildings at the then estimated cost of 30 million Rupees. All these buildings house the different departments and academic activities of the institution.

Jamia Nadwiyya Emblem

The emblem of JNE is a pictorial representation of its holistic vision. It corresponds with the educational mission of Kerala Nadwathul Mujahideen (KNM), the founder organization of JNE. The lighthouse at the apex is a symbol of divine guidance that suggests the organizational commitment to "empowerment through education" and its optimism about the ultimate victory over all forces of darkness. The open book symbolizes the Quran that advocates knowledge acquisition. It serves as the foundation of all institutional activities of JNE. The name Jamia Nadwiyya Edavanna is etched in English Alphabet on the periphery of a circle which represents the globe we live in. The Arabic calligraphy shows the linguistic and cultural orientation of the institution and the dissemination of Islamic values in a profound manner. This also manifests the close Indo-Saracen ties that prevailed in India for centuries. The open Holy Book contains the Quranic verse "I desire naught save reform so far as I am able". It implies that the extension of service to society is more important than any change brought out in the individual. JNE looks forward to a paradigm shift in the attitude towards society.

The Motto of Jamia Nadwiyya

The motto of Jamia Nadwiyya, as engraved on its emblem, is to make sincere endeavours for promoting and propagating the principles and teaching of the Holy Quran for which Prophet Mohammed (PBUH) worked during his lifetime: "to lead mankind unto light from darkness". Towards this end, the institution shall strictly follow its objectives.

Ensuring a better future through innovation

Educational innovations pave way for educational excellence. Unless an educational institution becomes innovative; it cannot contribute to the development of the nation. Trendsetting in the field of education is a difficult task. Enormous efforts have been made the world over to enhance and sustain quality. Innovations in instructional techniques such as the use of new technologies in the classroom are being tried. Smart rooms and active learning classrooms are being set up. A digital library is already started though it needs a lot of refurbishment. In order to create an eco-friendly education environment, the JNE campus is now going green with the addition of a rich herbal garden and a stock of animals. Innovations in recruiting teachers, their placement, development and assessment are being redesigned and implemented.

The tie-ups and affiliations of JNE started with the recognition of the Calicut University for the bachelor's and master's programs in Arabic language (B.A. Afzal-ul-Ulama and M.A., Post Afzal-ul-Ulama) in the JNE Arabic College. The Fazeela course offered in this institution is recognized by Aligarh Muslim University, Moulana Azad Urdu University in Hyderabad and Hamdard University, New Delhi. The Fazeela course was also recognized by the Madeena Islamic University, Saudi Arabia.

The recent affiliation of JNE with the Federation of the Universities of the Islamic World (FUIW), Rabat was a highly motivating achievement. An academic tie-up with International Islamic University, Kuala Lumpur, Malaysia is expected to be launched shortly, for the exchange of ideas, expertise, training methods and facilities for off-campus programs.

JNE Management is well aware of the fact that continuous improvement and sustainable growth come only in the wake of innovation in educational programs and instructional methods. Therefore the management seeks to obtain national and international accreditation of JNE with the world's leading academic accreditation agencies such as Quality Council of India (QCI), NAAC, NCB, AACSB, EQUIS, etc.

For effecting these growth plans, re-engineering of the academic processes has already been started in accordance with guidelines stipulated by international accreditation agencies. Student empowerment and faculty development programs are being drawn up. Plans are set for organizing international conferences on topics related to Social Sciences, Arts and Science. An international Journal on Islamic Studies and Research to be published in Arabic and English is also expected to come out soon.

الإنجازات

وبتوفيق من الله أولاً، ثم بمساندة الكثير من أعوان الدين، نجحت الجامعة الندوية في إنجاز العديد من المهام المنشودة وفي وقت قصير من الزمن، وذلك مع ما كانت تعانيه من ضائقات مالية ومادية في كثير من الأوقات. ومولدها المالية محصورة في التبرعات والمساهمات التي تجود بها الأيدي البيضاء من المحسنين ومحبي الخير للجامعة الندوية. وجدير بالذكر أن هذا الإحسان المتمثل في جميع نواحي الدعم والتعاون لهو أمس وألح ما يكون في هذا المنعطف الحرج من تاريخ الجامعة الندوية. جزى الله الجميع خير الجزاء وبارك في الجهود وجعلها خالصة لوجهه الكريم وصلى الله وسلم على نبينا محمد وأله وصحبه أجمعين.

لقد برهن علماء الجامعة الندوية جدلتهم في المجتمع، إليهم يرجع الفضل في إيجاد نمط جديد من التعليم، متسم بالمعنويات والأخلاقيات، وملام لعالمنا المتغير. وقد نجحت الجامعة الندوية - بفضل الله وتوفيقه - في تخريج نخبة من العلماء، متعمقين في العلوم الإسلامية والعلوم الحديثة، متناسبة ومتوافقة مع نبض المجتمع والأمة المسلمة بصفة خاصة، واحتياجات الوطن على امتداده بصفة عامة. يقومون بنشر الدعوة الإسلامية ونشر مبادئ الدين الحنيف على أحسن وجه حسب متطلبات العصر الحديث. لقد مضوا شوطاً بعيداً في تقريب الفجوة بين الفئات المثقفة الحديثة وبين الذين تلقوا التعليم الدينية

تأسيس الجامعة الندوية

لقد أثر الاستعمار الإنجليزي الغاشم سلباً على أوضاع المواطنين الهنود عموماً وبالأخص الأقلية المسلمة في البلاد ، فقد قيّض الله نخبة من الغيورين المصلحين فقاموا بتأسيس جمعية مبلركة تقوم بنهضة الأمة في جميع ميادين الحياة متمسكين بالكتاب والسنة على النهج القويم، ولمسوا الحاجة الملحة إلى إنشاء مؤسسات تعليمية حديثة، إيقاظاً للأمة وإنهاضاً إياها من ركودها التعليمي وتخلفها الاجتماعي.

قررت جمعية ندوة المجاهدين بكيوالا لإنشاء مؤسسة تعليمية برؤية جديدة حيث يجمع بين التعليم الديني والعلمي، بالاستفادة من أفضل العناصر في الثقافة الشرقية وفي الفنون والعلوم الغربية، مع التركيز على التعليم الديني. وعلى أساس ذلك تم بفضل الله افتتاح الجامعة الندوية في ١٩٦٤ م.

تطورت الجامعة اليوم وصارت مجمعا علمياً رفيع المستوى للعلوم الدينية واللغة العربية وآدابها وللعلوم الحديثة، قد لعبت دوراً بارزاً في سبيل الرقي بالثقافة التعليمية وتوسيع مختلف الفروع العلمية في ولاية كيوالا، وخرجت مئات من العلماء والدعاة البارزين. وإنّ طلبة وطالبات الجامعة الندوية لعلّى وعي تامّ عن الأمانة المعهودة إليهم،
